شركة الكثبان الذهبية للمقاولات العامة
GOLDEN DUNES CO. FOR GENERAL CONTRACTING

ABOUT US

Golden Dunes Co. for General Contracting is a trusted name in the contracting industry, recognized for reliability, innovation, and excellence. Established to meet the dynamic needs of the market, we have expanded our capabilities to offer a comprehensive range of services that deliver superior value and quality.

Backed by cutting-edge technologies and a highly skilled workforce, we specialize in sustainable, efficient, and forward-thinking solutions for projects of all sizes. Our adaptability to evolving industry trends, coupled with an unwavering commitment to safety, precision, and client satisfaction, sets us apart.

With a proven track record of successful projects and a vision to elevate industry standards, Golden Dunes Co. stands as a leader in construction, engineering, and maintenance services, shaping the future of infrastructure with excellence and integrity.

VISION

To be the leading force in technology within the contracting and construction industry, delivering transformative solutions that enhance communities and create a lasting impact.

MISSION

To achieve excellence through innovation, quality, and safety while fostering partnerships built on trust and transparency. We aim to create value for our clients, empower our workforce, and contribute positively to society.

REDEFINING STANDARDS IN CONTRACTING & SERVICES

SUCTION EXCAVATOR SERVICES

Golden Dunes Co. provides specialized suction excavator services designed for precision and efficiency. Advanced technology allows for non-destructive excavation, making it ideal for brownfield urban environments, utility repairs, and sensitive projects. With powerful suction technology, we minimize the risks of damage to underground utilities, reduce project timelines, enhance site safety, and increase work efficiency.

Whether it's clearing debris, exposing buried utilities, or managing confined spaces, suction excavators deliver unmatched performance. Experienced operators ensure that every task is executed with precision, upholding our reputation for excellence.

THE MOST IMPORTANT AREAS OF APPLICATION OF THIS TECHNOLOGY

- Excavated soil In the area of underground supply lines
- The rapid emergency service for all media
- Tree renovation or gentle root excavation work
- Sucking up gravel from flat roofs
- Sucking up rubble during building renovations
- Care and repair work in the railway sector
- Exposing brick wall during house waterproofing
- Cleaning of storm drains, catch basins, and settling tank
- Suctioning of materials at accidents, emergencies, and catastrophes
- Suctioning bentonite from horizontal drilling
- Factory applications in refineries and chemical plants
- Special action cases

TRANSKOR MAGNETIC TOMOGRAPHY METHOD PIPELINE INSPECTION

We specialize in Transkor MTM pipeline inspection services, utilizing advanced contactless magnetic technology to safeguard the integrity of critical pipelines. Our state-of-the-art systems detect corrosion, cracks, and irregularities, enabling proactive maintenance and minimizing risks.

Backed by a team of certified experts and cutting-edge tools, we provide detailed reports and actionable insights, helping clients enhance the safety, reliability, and efficiency of their pipeline infrastructure.

IQM SCAFFOLDING SAFETY SYSTEM

IQM Scaffolding Technology revolutionizes site safety with real-time monitoring of scaffold load, movement, and structural integrity. Equipped with advanced sensors, it provides instant alerts for critical conditions, ensuring proactive risk management and accident prevention. This intelligent system enhances efficiency, minimizes downtime, and optimizes overall project workflow.

With a tamper-proof design, mobile and desktop integration, and remote access capabilities, IQM ensures seamless monitoring and complete control. Customizable alerts and multi-project accessibility make it an essential tool for optimizing operations, reducing hazards, and maintaining the highest safety standards in construction projects.

Scaffold Your Success
with **Safety and Support.**

4S SMART SITE SAFETY SYSTEM

Our 4S Smart Site Safety System integrates advanced technology to elevate site safety and operational efficiency. With real-time monitoring and predictive analysis, it proactively prevents incidents, ensuring a secure and well-managed work environment.

ELECTROMECHANICAL WORKS

Golden Dunes Co. delivers precision-driven electromechanical solutions, including installation, maintenance, and repairs. Our expertise spans HVAC systems, electrical installations, and more.

Committed to excellence and innovation, we ensure the seamless integration of advanced technologies to enhance efficiency and performance. With a team of skilled professionals, we provide tailored solutions that meet industry standards, ensuring reliability, safety, and long-term sustainability for every project.

PLANT MAINTENANCE SERVICES

INNOVATIVE MAINTENANCE
FOR MAXIMUM EFFICIENCY.

Our plant maintenance services optimize operational efficiency and extend equipment lifespans. Through expert inspections, repairs, and upgrades, we ensure industrial plants run smoothly, minimizing downtime and maximizing productivity.

SITE PREPARATION & CIVIL WORKS

Golden Dunes Co. specializes in comprehensive site preparation and civil works, providing a solid foundation for successful projects. From land clearing to infrastructure development, we ensure precision, quality, and efficiency.

Our expert team leverages cutting-edge equipment and industry best practices to manage excavation, grading, earthworks, and utility installations with a strong focus on safety. Committed to excellence, we deliver durable, high-quality solutions that ensure seamless project execution and long-term stability.

RENTAL EQUIPMENT & SERVICES

We offer a comprehensive range of rental equipment to support construction, industrial, and infrastructure projects. Our fleet includes heavy machinery, earthmoving equipment, and specialized tools, all meeting the highest quality and safety standards.

From short-term rentals to long-term partnerships, we provide flexible and cost-effective solutions. Our dedicated team ensures every piece of equipment is meticulously maintained for peak performance and reliability.

HORIZONTAL DIRECTIONAL DRILLING

We specialize in advanced horizontal directional drilling (HDD) services for precise, non-invasive underground utility installations. Our methods minimize environmental impact while maximizing efficiency.

Using state-of-the-art equipment and expert techniques, we ensure accurate pipeline and conduit placement with minimal surface disruption. Ideal for crossing roads, waterways, and congested areas, our HDD solutions provide cost-effective, durable, and reliable underground infrastructure.

MANPOWER SUPPLY

Golden Dunes Co. take pride in providing a skilled and reliable workforce tailored to meet the specific needs of our clients. Our manpower supply services cover a wide range of trades, from engineers and technicians to skilled laborers and operators.

With a strong focus on training, safety, and performance, we ensure our workforce exceeds expectations on every project. By combining expertise with dedication, we guarantee efficient, high-quality execution that drives success.

- Engineer
- QA/QC Engineer
- Supervisor
- QA/QC Inspector
- Rigger Level I, II & III
- Foreman
- Scaffolder
- Fabricators
- Fitters
- Iron Worker
- Sandblaster
- Crane Operator
- Forklift Operator
- Heavy & Light Driver
- Work Permit Receiver
- Cost Controller
- Material Controller
- Document Controller
- Safety Officer
- Accountant
- Mason
- Fire watch Man
- Carpenter
- Millwright Technician
- Concrete Worker
- Steel Erector

for Tomorrow's
Challenges

TRADING & CONTRACTING

Golden Dunes Co. excels in trading and contracting, providing premium-grade materials, innovative solutions, and expert execution. Our commitment to quality and timely delivery makes us a trusted partner for diverse projects.

We specialize in sourcing high-grade materials and executing projects with precision, efficiency, and sustainability, ensuring long-term value and reliability.

MATERIAL SUPPLY

We supply high-quality construction materials sourced from trusted vendors, ensuring durability and efficiency in every project. From cement and steel to specialized equipment, our material supply services cater to the diverse needs of the construction and industrial sectors.

CAMP MATERIALS & FURNITURE

Golden Dunes Co. offer comprehensive solutions for camp materials and furniture, tailored for both temporary and permanent facilities. Our range includes durable, ergonomic furniture designed to ensure comfort, functionality, and long-term reliability.

PROJECTS OUTSOURCING

Golden Dunes Co. We offer project outsourcing solutions that enable businesses to focus on their core competencies while we handle every aspect of execution. With a commitment to efficiency, quality, and timely delivery, we ensure seamless project management and successful outcomes.

SAFETY MATERIAL

Safety is at the core of our operations. We supply a comprehensive range of safety materials and equipment, including personal protective equipment (PPE), fire protection systems, and safety signage, ensuring the highest standards of protection across all projects.

We Offer

- Foot Protection steel shoes, safety Harness
- Head Protection, Eye Protection
- Gloves (Leather, cotton, rubber electric welding, chemical & Heat resistant)
- Coveralls, Pant & shirt, Safety vest
- Mask, Hearing Protection, Respirators and Face shields.
- Warning Tapes, First Aid Kits
- Smoke Detectors, Fire Alarm & Fire Extinguishers
